

## THIRD ORDER EFFECTS

SECURE | STABILIZE | UNITE

### Expertise in governance leads to stability and understanding.

Third Order Effects, LLC, (3OE) has a network of experts to assist your organization in solving the complex challenges in governance. Our network of experts has civilian-acquired skills across a range of key governance sectors, and can provide your organization with:

#### Governance Advising.

Our correspondents have expertise in the uniformed services, diplomacy, strategy and development, operations and a multitude of other fields. Our specialized teams will support clients in achieving their goals.

#### Building Partner Capacity

Security cooperation continues to be critical for regional security and safe operations for private industries. Our experts can provide clients with insight into equipment and training, humanitarian aid, and other programs critical to partners and allies. We are equipped to engage C-Level executives and senior military leaders from concept to assessment to execution, to assure all phases of a project or mission are accomplished.

#### Training

Our network of experts will help to identify potential exposures and quantify impacts, risks, and areas of improvement, while guarding the interests of shareholders and other principals.
